ATMs and Credit Cards
ATMs are widespread in Brazil and are the easiest way of getting cash in big cities and are common. In many smaller towns, ATMs exist but don’t always work for non-Brazilian cards. A four-digit PIN is necessary (longer PINs may not work). In general, Citibank, Banco do Brasil and Bradesco are the best ATMs to try.

Credit cards are accepted at most restaurants, shops and hotels. Visa is the most widely accepted card, followed by MasterCard. Amex and Diners Club cards are less useful. Visa cash advances are widely available, even in small towns with no other currency-exchange facilities; a national passport is needed for money exchange.
